<i>Number of hours for lectures</i>	32
<i>Number of hours for seminars and practical tasks</i>	
<i>Number of hours for laboratory assignments</i>	
<i>Number of hours allocated to term paper</i>	
<b>Course developers:</b> Dr. philol., doc. Rudĕte Rinkeviĉa	
<b>Preliminary knowledge (course title, part of programme, in which the course is to be acquired)</b>	
No.	
<b>Course abstract:</b>	
<p>The course „The Problems of National Identity in Contemporary Society” is provided for the second year students of the Master’s study programm „Incultural Relationship”. The course contains the interpretation of the notion of national and ethnic identity in philosophy, psihology, ethnology, sociology and culturology; the problems of national identity in the contemporary society are analysed, too. The problematic of national identity is regarded in the context of multiculturalism and integration of society.</p>	
<b>Learning outcomes:</b>	
<p>Having acquired the study course the students:</p> <ul style="list-style-type: none"> <li>■ understand the concept of national identity and its interpretations in different branches of science, interdisciplinary studies and public space;</li> <li>■ are able to analyze and evaluate the issues related to national identity of modern society,</li> <li>■ independently develop their professional competence by identifying the latest research and publications on the issues of national identity and ethnic stereotypes; ■ apply the information acquired from the study course into their professional activities for planning and implementation of intercultural relations.</li> </ul>	
<b>Course content:</b>	
1. National identity, ethnic identity, concept “ethnicity”.	

2. The concept “multiculturalism”, its perception in the contemporary society.
3. Ethnic stereotypes, their role in the intercultural conflict.
4. Issues of social integration.
5. Society and cultural identity.

**Course plan:**

Course structure: lectures - 32 acad. hours.

**Lecture topics:**

1. National identity. Theoretical conception of the notion as presented in philosophy, psychology, sociology, ethnology, Culturology.
2. National identity as ethno-psychological issue. .
3. Ethnic identity. Substantiation of the notion in interdisciplinary researches.
4. Search for national character. Mentality and ethnic stereotypes.
5. Ethnic/national self-expression in the context of intercultural communication.
6. National identity and possibilities for cultural dialogue. Concept of “national identity” and “liberal utopia”: R. Kūlis, M. Kule, D. Bula, D. Beitnere, etc..
7. Issues of preservation of national identity in 21<sup>st</sup> century. 8. Changes in the national minorities’ identity in independent Latvia.
9. Formation of ethnic/national identity in international families.
